Thanks for the update Pat.

I will load the PR into the system and get a preview copy to this group.

Pat- do you know the timing for the signature? What time would you suggest we get the PR out?

Hi all,

Ex. 5 Deliberative Process (DP) Eric will begin routing the permit for signature shortly, and then we'll update our website and send an email to interested parties.

Kate and Jeff, we'll provide you with this email to use as the baseplate for your messages to congressionals and EJ groups, respectively.

Kate and Doug, I believe you were going to touch base with mayors offices in New Bedford, Providence, and New London (TPs provided last week).

I'll defer to you on timing of the press release, but I would think this would follow all direct outreach to interested parties, congressionals, local officials, and EJ groups.

Thanks everyone! Things are moving...

Pat

Hi Lynne and Cynthia,

Suilin sent to me yesterday an incoming letter dated 1/11/2022 to the Administrator concerning several issues related to the South Fork project. The author of the letter is from a Long Island citizen's group. One of the issues they raise is the South Fork CAA permit and the offsets policy. See pdf page 21 of the attached.

I plan to make OAQPS and OGC aware of this now, as well.

We planned to route for signature today the South Fork permit

Hi Pat,

We were assigned this FOIA from a Gouri Edlich, a Chairwoman of the Citizens for the Preservation of Wainscott (CPW) to Administrator Regan. She wrote about the South Fork wind project transmission cable and EPA's proposal to not require ERC to offset construction phase emissions.

Ex. 5 Deliberative Process (DP)

By the way, what is the status of the South Fork final OCS permit?

Thanks,
Suilin
